

EXPERIENTIAL TEAMBUILDING

“You can learn more about a person in one hour of play than in one year of conversations”

Plato

I hear, I forget. I see, I remember. I do, I understand”

Confucius

Methodology behind the concept

Comparing effectiveness of different methods of learning

EXPERIENTIAL PROGRAM PACKAGES ON OFFER

Lights, Camera. Action: This event combines the need for the team to think and work creatively in a short period of time. Strengths and hidden talents are highlighted when the finished films are shown at the end of the session. Visual thinking and planning allows participants to brainstorm together, thereby fostering more ideas and generating consensus within the group. An OSCAR's event can follow with awards distribution.

Dragon Boat racing: This exciting and entertaining sport has caught on in Dubai and can be arranged to create a day to be remembered. Chemistry, coordination, strategy, communication all play critical roles in their success. The group is divided into teams that compete against each other for the trophy. Approvals to hold the event, boats and related equipment, instructors, safety equipment etc. are all arranged.

High ropes adventure: A high energy fun event which provides opportunities to break through our perceived limitations and extends our comfort zones further afield. Several obstacle courses and high as well as low ropes activities have been designed specifically to address team challenges and push the limits. Under pressure, the truth comes out and leadership, planning, communication, trust, support, competitive spirit and breakthrough thinking emerge.

Camel polo: A fun event which provides a unique opportunity to experience something new. A structured event. Having undergone rigorous training, including polo mallet swing technique and camel riding skills session, players will be equipped with all of the skills necessary to battle it out "on the hump" in the finale knock out tournament!

Boat building: Much more than just a boat building activity. Allows teams to experience the value of planning and sharing a common goal. Safety is kept paramount. Shallow waters + life vests are mandatory. A good way to observe team dynamics, individual strengths and team spirit. Engagement is key to success and success is theirs to have in this event.

Equine inspired Team build: These programs provide the opportunity to develop leadership skills and engage in team building activities through the use of dynamic learning techniques involving horses. Interacting with a horse is an empowering experience which can enable the practice of unique skill-sets in a nonjudgmental environment.

Carbon footprint challenge: *Teambuilding* dovetailed with *Corporate Social Responsibility* (CSR). A marriage made in heaven. Corporates pay for one activity and get two targets achieved in the same price. Several options exist including Energy Audits, tree planting, cooking challenge (followed by distribution to the less fortunate), bicycle manufacturing for charity etc.

Life is a stage (Theater): Creativity, participation, role allocation and resource utilization are all part of this theme. Yet another right brain thinking concept that connects the left brain as well with thought provoking yet creative elements included. Fun prop's create a light hearted atmosphere and is worth loads of laughs while bringing out the team dynamics and strengths.

Corporate Value alignment: This activity has a creative element in terms of taking digital pictures of the environment that depict specific corporate values and then painting them onto canvases. Team canvases are then collected and a large mural created for the corporate offices as a reminder.

Go Karting: Indoor as well as outdoor venues are available. Teams prepare strategies and play to peoples strengths in this relay driven challenge. A pit stop challenge, sprint race and qualifying rounds. These can be arranged on a exclusive basis i.e. only our team will have access to the circuit or, we could share it with others on the day. It is a fun day out with lessons to be learnt.

Yachting Challenge: A full blown participative event that involves & engages every member with structured role allocations. Teams prepare strategies & play to peoples strengths while ensuring value add from every member in the team. Teams are taught the basic skills required to sail & to maneuver a sail boat.

Several other innovative methods are available including activities that highlight specific areas that need to be addressed to meet organizational objectives. There is something for everyone. Mental challenges, physical challenges, Innovation / Creativity. A fun day out with team development in mind. Activities are customizable to fit specific requirements.
